AIRPORT HOTEL & CAR PARKING

Our United Airlines flight departure from Heathrow is scheduled at 12:00 noon, which means a 09:00 check-in at Terminal Two. If you fancy staying overnight in a hotel near Heathrow, we regularly use the 3-star Premier Inn Hotel at 15 Bath Road, Hounslow. This hotel offers modern and spacious accommodations, and has a restaurant, bar and Costa Coffee facility. It is approximately 10 minutes from the airport terminals by car. The "room only" rate (excluding meals) is currently showing as £49.50 per night for the night of 11th April. Rates can and do change, so it would be sensible to book this favourable rate ASAP. Richard and Dawn will be staying at this hotel on the night of the 11th April, and we'll arrange complimentary transport from the hotel to the airport terminal on the morning of our flight for anyone who needs it. If you are coming to Heathrow by car and wish to park for the duration of the holiday, there is a choice of airport parking options. "Park and Ride" allows you to park your own car, and transfers to and from the airport terminal are included, usually by minibus. "Meet and Greet" options allow you to drive direct to the airport terminal, where you are met by a car park representative, and your car is taken away and parked. It is then brought back to the terminal ready for your collection on the day we land back at Heathrow. Park and Ride options are currently on offer from approximately £98 for our tour duration, and Meet and Greet options are showing from £124.

Booking availability and prices are subject to change without prior notice, so contact us ASAP to make a reservation. Call 01892 785785 or email info@furlongs.co.uk.

CAMERAS & BINOCULARS

Check your camera equipment before you set off! Remember the batteries, charging leads, adaptors, and camera storage cards. If you have binoculars and space to pack them, you may wish to bring them.

CLIMATE

April sees temperatures gradually begin to rise on the US east coast, and this is traditionally the beginning of Spring. During the month, average temperatures in New York City range from 12°C (that's about 54°F), to 16°C (61°F), with nightly lows around 8°C (46°F). Boston is likely to be a few degrees cooler, and in Nova Scotia we may even see snow, so come prepared. Warm, waterproof overcoats, hats, scarfs and gloves please! Sea temperature averages range from 8°C (46°F) in New York, to 3°C (37°F) in Halifax, Nova Scotia.

CLOTHING & WHAT TO PACK

Inside our New York hotel and onboard FRAM, you'll need casual, comfortable wear. There is no dress code and none of our outings or meals are formal. Outdoors, you'll need layers! This tour is not a polar expedition to extreme destinations, so specialist clothing is not essential, but some sensible packing is in order. We recommend you look online a few days before we depart, to ascertain the east coast weather forecast. If you don't have Internet access, you are welcome to call us a few days before the tour and we'll give you the weather update. If, as expected, it looks chilly with some rainfall, we recommend you include a good quality wind-resistant and waterproof jacket, warm trousers, jumper or fleece, hat, gloves and scarf. If you have them, a pair of waterproof over-trousers and some thermal underwear may prove useful. Thermal inner-gloves too - they give extra protection from the cold and make it easier to take photographs without exposing your fingers entirely. Hurtigruten gives each guest, a wind and water-resistant jacket as a memento (sizes generally available are from XS to XXXXL), but we'd still recommend you bring along one of your own. Please pack comfortable shoes for use on board ship (i.e. casual shoes or trainers), plus some shoes with a good grip for our excursions and ship deck use. You may also wish to bring your swimming costume if you fancy using the jacuzzi on board FRAM. Please note, from previous experience, the ship Jacuzzis are not always available.

COACH TRANSPORT

Coach transport for airport transfers and any tours and excursions, will be operated by local bus companies. Some transport will be organised by Furlongs Travel on a private basis for our group, and some by Hurtigruten on a shared basis.

CONTACT INFORMATION FOR RELATIVES & NEIGHBOURS

The various holiday details including our itinerary and telephone contacts will be printed in a leaflet and supplied with your final tickets. This will also include emergency 24-hour contact details for Furlongs Travel. You may care to leave a copy of this leaflet with relatives or neighbours.

CURRENCY

The monetary unit in the USA is the US-dollar and in Canada it is the Canadian dollar. We only visit Halifax, Nova Scotia, on the last day of the tour, so it is perhaps less important you take some Canadian dollar cash with you, but we do recommend you take some US-dollar cash, and we are offering a currency service to assist you. Please see the separate currency order form for full details. On board FRAM, you'll be set up with a cruise card to charge incidentals to your cabin account. At the end of the voyage you may settle your account using a card if you wish. See also "money" and the on-board ship details.

DRINKING WATER

Tap water is generally considered safe to drink in the USA and Canada, but please check the local guidance, and in any case if you are susceptible to tummy upsets, we recommend you drink bottled water. Bottled water is on sale in most hotels and shops. On board FRAM, drinking water is produced by an on-board desalination plant and therefore considered entirely safe.

DUTY FREE AND IMPORTS

You are currently permitted to take 1 litre of alcohol, duty free, into the USA. There are also allowances for cigarettes, cigars and tobacco, and gifts. However, you need to declare imports, and you may then be inspected upon arrival. There is also a long list of prohibited or restricted items, including meats, fresh fruits and vegetables, plants, seeds, soil and products made from animal or plant materials. Furthermore, you will not be permitted to take alcohol and some other restricted goods on board FRAM, or into Canada. To avoid potential delays when our group arrives in New York at the beginning of the tour, we strongly suggest you do not bring alcohol or any food with you! If you are stopped at Newark Airport on arrival, due to carrying alcohol, prohibited or restricted goods, please note we will not be able to delay our group transfer from the airport to our hotel and, while we will offer you help if possible, you will need to cover the cost of your own transport to the hotel.

ELECTRICITY

The electric current in the USA is 110 Volts and 60 cycles. Onboard FRAM it is 220 Volts / 50 Hz, with a 110 Volts shaver socket in the cabin. Standard electric plugs in the USA have two flat blades, with some newer plugs having a third, round grounding pin. On board FRAM, the electric sockets take a European style two-round pin plug. If you wish to bring any electrical items with a UK plug, you will therefore need a universal adaptor / power convertor.

FLIGHTS

The group flight itinerary is shown below, using local times for departures and arrivals. We fly outbound with United Airlines and back with Air Canada. Both airlines operate from London Heathrow Terminal Two. Flight details remain subject to change and the final information will be confirmed in your holiday tickets.

12 Apr	Flight UA17	Heathrow (T2) 12:00	Newark, New York 15:00	8hrs flight duration
22 Apr	Flight AC860	Halifax 23:35	Heathrow (T2) 09:35 on 23rd April	6hrs flight duration

HEALTH & VACCINATIONS

Your GP is most familiar with your personal medical history and is best qualified to determine your health needs for travel, so please check with your GP or local travel clinic regarding recommended health precautions for your visit to the USA and Canada. As a tour operator, we are not health experts, but online travel advice seems to recommend travellers to the USA and Canada should be up to date with routine vaccination courses and boosters as recommended in the UK. These vaccinations include for example measles-mumps-rubella (MMR) vaccine and diphtheria-tetanus-polio vaccine. If you are bringing specific medicines for the trip, please be aware there are restrictions and prohibitions on the import of certain prescription drugs into the USA. Prescription medications should be in their original containers with the doctor's *prescription* printed on the container. It is advised that you travel with no more than personal use quantities, a rule of thumb is no more than a 90-day supply. If your medications or devices are not in their original containers, you must have a copy of your *prescription* with you or a letter from your doctor. If you are traveling with medical devices such as needles or oxygen tanks that could pose a security or safety concern to others, be sure to have a copy of the *prescription* for those items from your doctor AND inform Furlongs Travel well in advance of the tour departure.

On a general travel note, it is always advisable to have a physical and dental check-up before your holiday. You should not, of course, travel against your doctor's advice. To do so will render your holiday insurance void and could incur you in substantial costs should you require medical assistance. For the voyage on board FRAM, if you are prone to seasickness you may wish to ask your doctor/pharmacist to recommend suitable medication. Further travel health advice is available online at www.fitfortravel.nhs.uk.

HOTEL

Our 3-night stay in New York City is at the DoubleTree Suites by Hilton, Times Square, Manhattan. Located at 1568 Broadway (47th Street & 7th Avenue), this modern hotel is unashamedly situated in the heart of bustling Manhattan, surrounded by Broadway theatres, and New York City's world-famous restaurants, shops and museums. Overlooking the New Year's Eve Ball Drop and directly across from the "TKTS" discount theatre ticket booth, the hotel is walking distance to Radio City Music Hall, Rockefeller Center, Restaurant Row, Carnegie Hall and lively nightlife. Port Authority Bus Terminal, Penn Station, Grand Central Station, all major public transportation (bus and subway) and the Jacob Javits Convention Center are nearby. The DoubleTree Suites hotel is the only all-suite property on Broadway at Times Square. Each of the 468 guest rooms is a two-room suite featuring a living room with a sofa, flat-screen television, telephone, in-room safe, wet bar, microwave and refrigerator, plus desk and chair with easily accessible electrical and data ports. The bedroom includes either a king-sized bed or two double beds, with "a plentiful number of pillows, a luxurious linen package of a down-filled duvet wrapped in triple sheeting and a specially designed plush-top mattress and box spring system that ensures a great night's sleep." Sounds great! The separate bathroom and vanity area has granite countertops, oversized mirrors and curved shower curtain rods. Just what you need! Other room facilities include air conditioning, clock radio / MP3 connection, coffee maker, hair dryer, iron and ironing board. Hotel services include lifts, laundry/valet service, room service, concierge and tour desk and fitness room.

Our hotel address is

DoubleTree Suites by Hilton
1568 Broadway
New York
New York 10036-8201
USA

Telephone +1 212 719 1600
Facsimile +1 212 921 5212

INSURANCE

All clients must have comprehensive travel insurance for this holiday. Please be sure to confirm the details on the “personal information form”, and to bring on holiday the appropriate documentation including your insurer’s 24-hour emergency telephone number. Insurance companies tend to limit the amount you may claim, apply excesses, and refuse cover for certain items. For instance, expensive camera equipment, watches, jewellery and other valuables may not be covered in full, or at all. You may wish to extend your household insurance cover if applicable. Please be sure to disclose all pre-existing medical conditions (however minor) and all factors that may possibly affect the insurance underwriters risk in covering you. If in doubt, declare it. NB: It is the responsibility of each traveller to ensure that they have adequate and appropriate insurance cover in place. *Please complete your travel insurance details on the Personal Information Form.*

LUGGAGE

Please limit your holiday luggage to one main suitcase per person and one main carry-on item per person. For the international flights, your main suitcase may weigh up to 50 lbs (23 kgs) and have maximum combined measurements (length + width + height) of 158 cms (62 inches). Your hand luggage item may have maximum measurements of 56 x 35 x 22 cms (22” x 14” x 9”). Guests who have upgraded to economy plus or business class, may be entitled to additional luggage allowances, however due to the limited luggage capacity of our ground transportation, we must limit all guests to one main checked-in suitcase per person. Please note, both United Airlines and Air Canada may apply luggage allowances strictly, and you may be required to pay excess baggage charges if you exceed these. When you pack your bags, important documents, cash, valuables and any essential medication should be packed in your hand luggage. Small electrical and battery-operated items should be packed in your main luggage, but WITHOUT any batteries. Batteries should be carried in hand luggage or purchased on arrival at your destination. Please note, there are new restrictions regarding carrying lithium metal or lithium ion batteries. Small capacity batteries (generally including mobile phone batteries) are permitted (in your hand luggage only), but larger batteries are not allowed. Some newer, “smart luggage” have a built-in battery, and these must be removed, before check-in. Smart luggage with an irremovable battery will not now be carried by many airlines. Some other packing tips? Place all sharp instruments (including knives, scissors, razor blades, tweezers, etc.) in your main suitcase. Towels are provided at our hotel and onboard ship so you do not need to pack these. In your final tickets you will receive labels for your baggage, pre-printed with your name and appropriate tour details. Please remove any old labels from previous trips. We do recommend you leave a note inside each bag confirming your full name, home address and our itinerary. For this tour, squashy luggage rather than hard suitcases are ideal. There is limited space to store your luggage in your cabin onboard ship and if you bring squashy suitcases they may well fit underneath your bed.

MEALS

Included breakfasts and main meals during our 3-night New York City stay are scheduled at local restaurants and diners, rather than at the hotel. Be prepared to enter the spirit and join in New York style! Onboard FRAM, breakfast, lunch and dinner is included daily, from dinner on the day we embark, to breakfast on the day we disembark. Breakfasts and lunches onboard FRAM will be buffet style, and evening meals either buffet style or a three-course served menu (usually featuring fish, meat and a vegetarian option). The FRAM may split some dinner services into two sessions, but this depends on the total number of guests and the daily programme. Meals onboard ship are typically “Norwegian” in style although some ingredients may be sourced locally. If you are vegetarian, require a specific diet, or have any allergies, please make sure we are aware of full details well before the holiday starts. It is unfair to expect chefs to provide special food without warning! All special requests should be printed on your confirmation to acknowledge we have the details noted.

MONEY

Visa, MasterCard and American Express are accepted by our New York hotel and onboard FRAM. Credit cards are also widely accepted throughout the USA and Canada in shops, museums, restaurants and cafes. Some smaller shops, cafes and snack kiosks may only accept cash, and, in any case, we recommend you take some US-dollar cash. We are offering a commission-free currency service for US dollars ... please see the separate order form.

PASSPORTS AND VISAS

You will require a full British passport for this holiday, valid for the proposed duration of your stay. No additional period of validity beyond this is required, but if your passport has less than 6 months validity remaining when you arrive in the USA or Canada, it may take longer to pass through immigration control. To enter the USA, each traveller must have an Electronic System for Travel Authorization, or "ESTA". If you don't already have one, we will complete your ESTA application for you. To do this, you need to complete our personal information form applicable for this tour. Once completed, we will send you a copy of your ESTA, which you should check prior to travel. It is your individual responsibility to ensure that your entry documentation is valid. Please note, your passport may be photocopied by our New York hotel reception staff when we check-in, and may be collected by Hurtigruten staff on embarkation to the FRAM (for customs and immigration purposes). Passports are generally kept in the FRAM'S safe during the voyage and will be returned to us upon disembarkation at the end of our voyage. Please note, because we are arriving in Canada on a cruise ship, we are not required to apply for the Canadian equivalent of an ESTA (in Canada, called an ETA). Before you depart the UK, we recommend you take a couple of photocopies of your passport photo page (showing the passport number and other details). Bring at least one photocopy with you and keep this separate from the passport. If you are not a British Citizen, please contact us immediately to check formalities.

PERSONAL INFORMATION FORM

Please complete and return the personal information form to Furlongs Travel **as soon as possible** and no later than 31st January 2018. You may also submit this information online via our secure form at <https://furlongs.co.uk/pif-usa> or scan and email a completed form to info@furlongs.co.uk.

PHONES & WI-FI

Our New York hotel has telephone and internet services, and MS FRAM has a satellite telephone facility for emergencies, and offers a limited speed, pay-as-you-go Internet service to guests. If you have a mobile phone and are considering bringing it, please note its successful use in the USA and Canada depends upon the type of handset you have, and whether your UK supplier allows international roaming. If you bring your mobile, don't forget the charger and leads. Please be warned, using your mobile abroad, and particularly via a satellite connection from the ship may be costly. Throughout the USA and Canada, there are many cafes and outlets offering free Wi-Fi.

SHOPPING

You will have plenty of free time to shop in New York and at various ports of call during the voyage with MS FRAM. On board FRAM, there is a small shop selling souvenirs, postcards and a few essential items.

TICKETS

Your final holiday tickets will be dispatched week commencing 26th March.

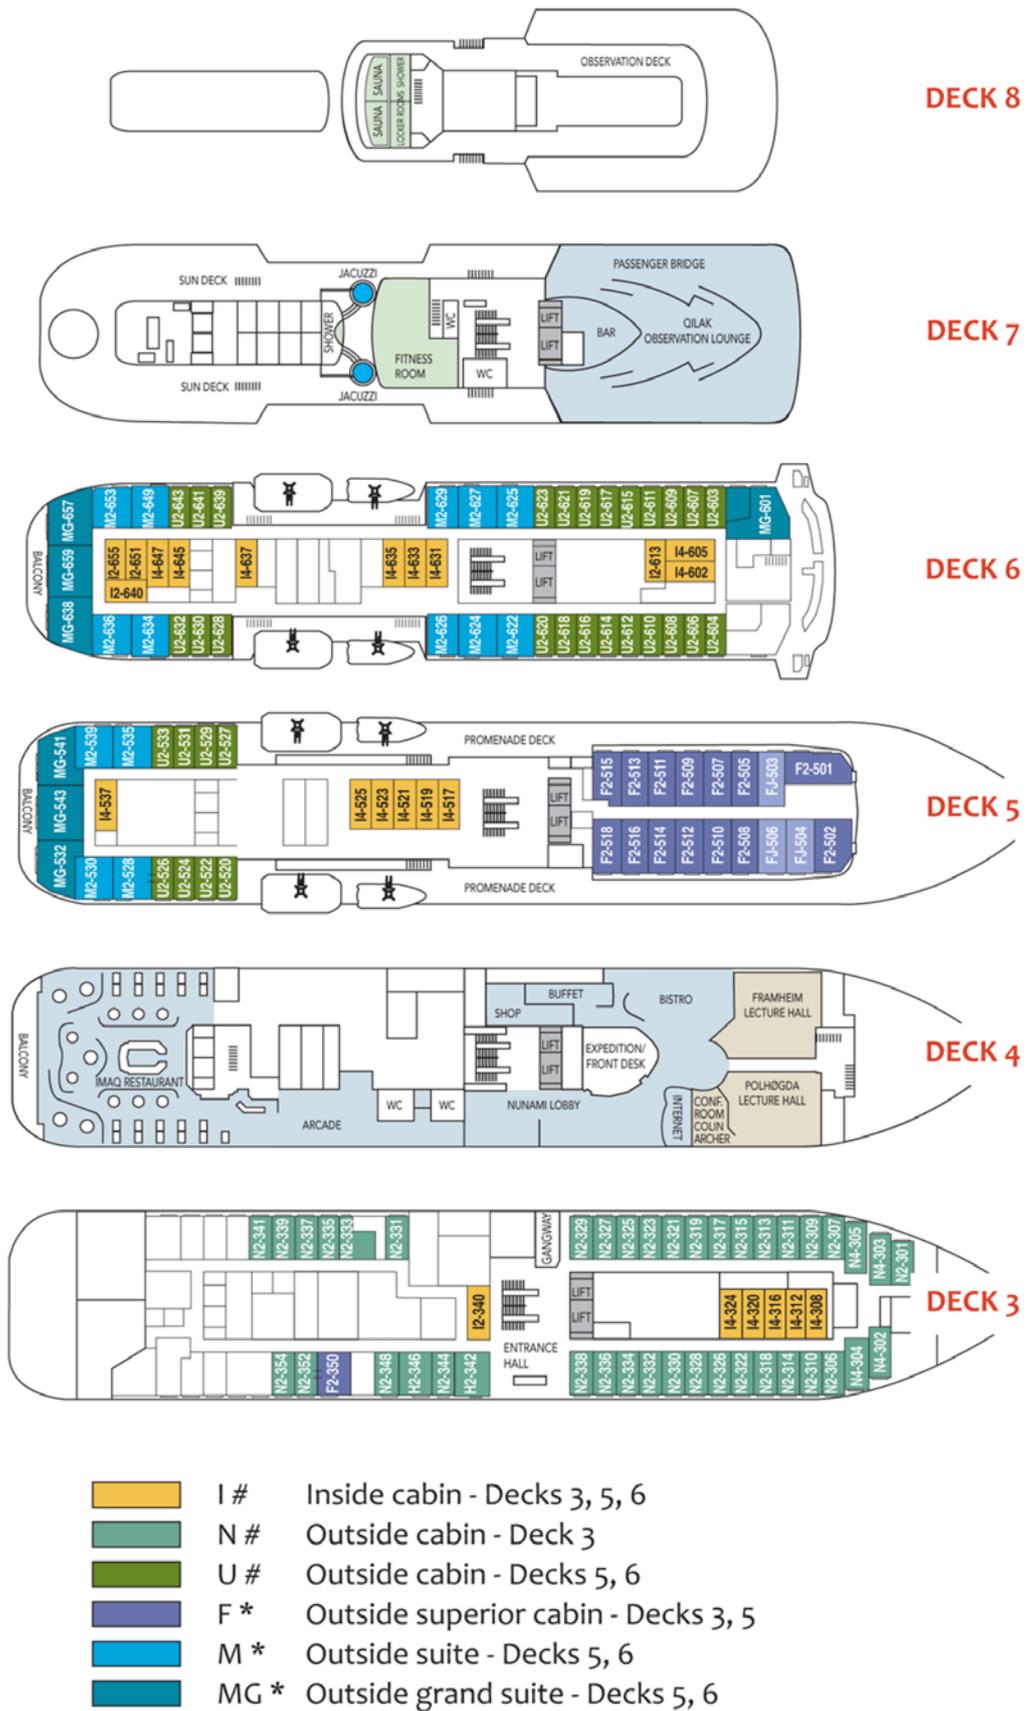

TIME DIFFERENCE

During our stay in New York, and our sailing itinerary up to Bar Harbor in Maine, local time will be 5 hours behind the UK. When we leave Bar Harbor and sail to Halifax, Nova Scotia, the local time will only be 4 hours behind UK time. To avoid confusion on board ship, the FRAM may retain local New York time throughout the voyage, and we'll then simply need to jump one hour ahead when we disembark in Halifax, but let's wait and see.

TIPPING

Normal hotel service charges and gratuities for our guides, coach drivers and the ship crew are included in the cost of your holiday arrangements with Furlongs Travel. If you dine out or take a taxi, it is customary to tip. As Brits, we may find it difficult to fully grasp how and when to tip, but it's the way of life in the USA, and essentially how restaurant waiters, hotel workers, and other lower paid workers manage to make their living. Best to embrace it and budget for it! In the US and Canada, tipping 15% is normal. Tips for drivers and guides for excursions and activities organised by Furlongs Travel will be covered. Tips for drivers and guides for optional excursions run by Hurtigruten are not included.

MS FRAM DECK PLANS

MS FRAM

The FRAM sails under the Norwegian flag. She was built in 2007, and designed by Hurtigruten especially for expedition voyaging. She operates mainly in Arctic waters during our summer and then heads south to Antarctica. Her interior design has been inspired by the Arctic and local artists from the Arctic were commissioned to provide artwork. In addition, several items from the original FRAM are displayed on board.

Ship facilities include a restaurant and bar, café, a panorama lounge, lecture rooms, an Internet station, sauna, Jacuzzis and an exercise room. Cabin accommodations are found on decks 3, 5 and 6. In general, all cabins have two lower berths or one large bed, and each cabin features private facilities of a shower, washbasin and WC. There is also a phone in your cabin to contact reception and to programme wake-up calls. All cabins have a safe, generally in a daft location on the bottom shelf in one of the cabin closets! Each cabin has its own air-conditioning control. You adjust the temperature using the thermostat on the cabin wall. There are no tea/coffee making facilities in the cabins, but tea and coffee is available 24-hours from the café.

Most of the ship's public areas are located at deck 4. This includes the reception, Expedition Desk, restaurant, lobby, lecture rooms, cafeteria, shop and computer station. The reception is open 24-hours and should be able to help with any questions regarding your stay on board. For any information regarding the expedition programme please visit the expedition desk. You may also book optional excursions and activities at the expedition desk. Opening hours may vary depending on the daily programme - please refer to the sign at the counter.

Breakfast, lunch and dinner are included on board. Dining times will be confirmed after embarkation. The on-board shop sells a small selection of tax free goods and souvenirs. Opening hours will be displayed at the shop entrance and may vary daily. Due to tax and duty reasons, the shop may not be open when in port. The computer station is located opposite the reception (charges apply). It may also be possible to download images from your digital camera card to a CD or USB stick using the PC's at the Internet station. You do not need Internet minutes for this service.

The Observation Lounge, Bar, Sun Deck, Gym and Jacuzzis are located on deck 7. A selection of Library Books can be found on the glass shelves on deck 7. If you find something of interest simply ask the bartender to open the doors. The Sauna is located on deck 8.

The ship's tender deck is on deck 2. It is here we'll prepare to board the zodiac-style Polarcirkel boats for our landings ashore.

On embarkation to FRAM in New York, you will be issued with a photo ID cabin card which acts as your cabin key card. You will need to show this card every time you disembark and embark the vessel. It is also possible to activate this card as an on-board charge card simply provide your credit card details to the main Reception on deck 4.

ALCOHOL POLICY

Only beverages purchased from the ship restaurants and bars can be consumed on board. According to Norwegian law, persons over the age of 18 can purchase beer and wine. Spirits are only available to persons aged 20+.

ANNOUNCEMENTS

To hear all announcements in the cabin, the TV must be set to a specific channel number. Check your cabin folder for channel number details once on board, or ask reception for help. Important updates to the programme and emergency information will be announced to the cabins via separate speakers overriding all other audio in the cabin.

ARRIVAL

We are scheduled to embark MS FRAM at the Manhattan Cruise Terminal, late-afternoon on Sunday 15th April. We will need to vacate our New York hotel bedrooms on this day at around 12 noon, and will have a private motorcoach transfer to the cruise terminal to coincide with embarkation.

BACKPACK

Please bring with you a small waterproof back pack. This is useful for carrying essentials on excursions and trips ashore. Although FRAM is likely to be alongside at most ports of call, there will be occasions when we may be anchored and transferred ashore using the ship's zodiac-style Polarcirkel boats. If so, you should expect some water spray during transfer between ship and shore, so storing your items (including camera) in your back pack will offer some protection.

BAR SERVICE

The ship has a bar with a wide selection of spirits, wines, beers and soft drinks, and a lounge with coffee service. Yes, drinks are not inexpensive on board, but you only live once!

CABINS

Ship cabins have either two lower berths or a double bed, a small wardrobe and cupboard or shelves, and private facilities including a shower, WC and wash basin, and a hair dryer. Each cabin is fitted with air conditioning, heating and a fire detector. There are 220V/50hz electric sockets in each cabin and one 110v shaver socket in the bathroom. There is a TV system onboard showing the ship information only. Live TV channels are not available. You may expect some noise and vibration in some cabins. This varies depending on the location of your cabin. Noise affects people differently and what may be a problem for one person may not be a problem for others. To be honest, we've never had a complaint from any Furlongs Travel guest aboard FRAM!

CONTACTS

MS FRAM's satellite telephone (for emergencies only) is + 00 47 850 01 100. Please ask relatives, neighbours and friends to try Richard's mobile first, if dialing from the UK ... 07801 189801.

CRUISE CARD

A cruise card will be issued upon arrival on board as part of the check-in procedure. All guests are requested to wear this card when disembarking in all ports of call and landings. The card serves as a control system on the gangway enabling the ship to know which guests are on board and ashore at any time. In addition, the card also acts as your key for your cabin, and is your payment card on board. The card is the only means of charging for on-board incidentals. To activate the cruise card account, you must have a Visa, American Express or MasterCard. Your credit card must be valid beyond 3 months after your stay on board. Please note when using your credit card on FRAM, your account will be debited in Norwegian Krone (NOK) which is the currency of the ship. The rate of exchange will be the rate validated by your credit card company. A preview of your cruise card invoice will be delivered to your cabin the day before the voyage ends. If you disagree with the invoice, please talk to the reception staff. Your final invoice will be sent to your email account.

CURRENCY AND CREDIT CARDS

The currency used on board is Norwegian Kroner. Ashore, you need to use US dollars in the USA, and Canadian dollars in Halifax (although we expect some Halifax shops may accept US dollar cash).

DAILY PROGRAMME

Every day the expedition team publishes a daily programme with details of our ports of call, timings, activities and meals. These plans are always subject to change due to weather conditions or for operational reasons, and flexibility is the key. Weather conditions can also make any landings with Polarcirkel boats more difficult or sometimes impossible. Remember that unforeseen twists often turn out to be a highlight of a trip. We invite you to be open to the unexpected! We are also subject to written and unwritten laws like assisting vessels or people in need. Such situations are not within our control.

ELECTRICITY

The plugs in your cabins are all 220V/50hz. The plugs are continental, European style, two-round-pins.

ENTERTAINMENT

The emphasis on board is on relaxation and discovery, and not on the commercial entertainment which is often a part of conventional cruises. Hurtigruten's aim is to get you closer to unique environments and to allow you to share the experience with your fellow travellers.

EXPEDITION TEAM

The role of the ship's expedition team is to interpret observations of wildlife and landscapes, and point out things of interest – in addition to being hosts together with the rest of the crew aboard. Additional information about the voyage will be on display near the expedition desk and you will be able to ask questions and book optional excursions at the desk.

FITNESS ROOM AND SAUNA & JACUZZI (WHIRLPOOL)

There is a small fitness room and a sauna on board, plus two small Jacuzzis.

INTERNET

Guests can access the Internet through Wi-Fi on deck 4 (in the reception area only), and in the bar on deck 7, after purchasing an access code from the shop/ café. Depending on location, Internet connectivity may be out of range or limited. Internet speed is generally very slow due to the limited bandwidth, so it's probably best to tell family and friends they may not hear from you while on board, although there may be plenty of Wi-Fi opportunities ashore!

LANGUAGE

The working language on board is English. Announcements, presentations and written information may also be given in other languages.

LAUNDRY

A laundry service is available on board at extra cost. No self-service laundry or dry-cleaning is possible.

LIBRARY

The ship has a small selection of books on different topics that is available to guests while on board.

LIFE SAVING EQUIPMENT, LIFE VESTS AND SAFETY ON BOARD

The ship complies with all safety requirements and is a modern vessel suitable for sailing in icy waters. Upon arrival on board all passengers will be instructed in safety procedures, and the use and location of the safety equipment. There is a safety plan situated on the inside of the cabin door. We stress the importance of becoming acquainted with the ship's safety plan. Special safety regulations will apply on landings with the Polarcirkel boats. Please follow the instructions given by the Expedition team and ship crew/staff. Special lifejackets for use during landings will be handed out to all passengers before the first landing. A mandatory briefing regarding the safety guidelines will also be held.

LUGGAGE

When we depart our New York hotel prior to the voyage, your main luggage will be marked with your ship cabin number and will be delivered direct to your cabin following embarkation. At the end of the voyage we may be asked to place our main luggage outside our cabins the night before arriving in Halifax. This allows the ship crew to collect and sort luggage before it is unloaded upon disembarkation. We will clarify this once on board.

MEALS AND REFRESHMENTS

On board ship, breakfast and lunch are served buffet style, and dinners vary between a buffet and a three-course meal. If dinner is served, there is usually a choice of fish or meat (and a vegetarian dish, if pre-ordered). The type of dinner is announced in the daily programme. The FRAM's restaurant is named IMAQ – the Greenlandic word for "ocean", so expect scenic views! Breakfast and lunch are open seating during service hours, and dinners vary between buffets, set meals and perhaps a BBQ. Some dinners may be split between two sittings and tables may be reserved. The Head Waiter will assign tables in advance, and we'll be requesting a "Furlongs Travel" area, within which we can move around and enjoy sharing our stories and experiences with our fellow travellers. Please remember that meals and some activities may collide, so be prepared to be flexible!

Complimentary filtered water is available at meals, and complimentary coffee and tea are available throughout the voyage. Other beverages and refreshments during the day are not included but can be purchased on board in the restaurant, café, and bar.

If you have any special dietary requirements or food allergies, please make sure these are shown on your holiday confirmation, so we can then pass them to the ship's food and beverage department in advance.

OBSERVATION LOUNGE

The FRAM's observation lounge is called QILAK which means "sky" in Greenlandic. Here you will find large panoramic windows and ample comfortable seats.

OUTDOOR DECKS

FRAM has spacious outdoor areas. Enjoy the views from the very front of the ship where there is a large viewing area, or from the back on deck 7. Both are perfect vantage points to sit back, relax and watch the world go by.

POLARCIRKEL TENDERS

Where we tender ashore, the MS FRAM team use small zodiac-style “Polarcirkel” landing craft, which are capable of taking 8 to 12 passengers each. These sturdy boats enable both water-based exploration and safe landings in otherwise inaccessible areas as they have a shallow draught and are extremely stable. Boarding and disembarking these landing craft requires some agility and the experienced crew will give you appropriate instructions and advice. The crew will show you what to do and if you follow their instructions it will become second nature! Please pay special attention to the following guidelines:

1. The boat drivers are responsible for the boats and their landings.
2. You must always follow their instructions.
3. All travellers must always wear appropriate life jackets regardless of weather and sea conditions.
4. When embarking, and disembarking you should always accept help offered by the driver or the crew. The “sailor grip”, in which one holds each other’s forearms, is the strongest and most secure grip.
5. Always keep both hands free when embarking and disembarking. Give hand luggage to the helper for him to place it on board for you (or better still use a backpack). Keep your hands inside the boat always.
6. Please limit your personal equipment on board the Polarcirkel boats. Small backpacks and belt bags are ideal for transporting cameras, binoculars and for rain protection.
7. Always wait for instructions from the driver before embarking or disembarking. Use waterproof bags to protect binoculars or cameras. You should also wear waterproof clothing to protect against spray.
8. Polarcirkel boats are equipped with fire extinguisher, chart plotter, extra fuel, communications and first-aid kit.

RESIDENT PHOTOGRAPHER

Hurtigruten plan to have a photographer on board to capture memories of the voyage. On previous occasions, a souvenir CD of photographs has been made available for purchase at the end of the voyage.

ROOM SERVICE

The cabins are cleaned daily. Meals and drinks cannot be served in the cabins.

SEASICKNESS

The FRAM is a sturdy and stable ship, but if you are prone to seasickness it is recommended you bring pills that you are familiar with or that your GP can prescribe. On previous occasions, guests have used “sea-bands” and/or have found “Scopoderm” patches useful. Seasickness pills and sea-bands are generally available for purchase from reception, but it is better you bring your own.

SHIP SECURITY

FRAM complies with the International Ship and Port Security System regulations, where all luggage is subject to X-ray inspection. You are kindly asked to keep this in mind when packing your luggage for the voyage. The ISPS regulations also include hand baggage scan in all ports of call.

SHOES/FOOTWEAR

Aboard the ship we recommend comfortable shoes or trainers. Shoes with good grip are recommended for use outdoors on deck and for some excursions ashore.

SHOP

The on-board shop offers a range of warm, practical clothing, local souvenirs, handicrafts, and postcards. In addition, the shop also stocks a small selection of soap, toothpaste and other personal effects.

SMOKING

On board FRAM, smoking is only permitted in designated areas on outside decks. Smoking in the cabins is not allowed. To show respect for the environment, please use the provided ashtrays when smoking. Throwing cigarette ends overboard is strictly prohibited. A cleaning charge will be applied for smoking in your cabin, to cover the cost of cleaning linen and curtains to return it to a non-smoking standard.

SUITE SERVICE

If you are booked in a suite, the FRAM crew offer an exclusive suite check-in area at deck 7, plus some special amenities during the voyage. Details will be included in final tickets as appropriate.

WALKING ON BOARD

Please be careful when walking on board the ship while at sea, especially venturing out on deck. Mind the signs for warnings of wet and slippery decks. Be aware the doors to the outer decks on decks 5, 7 and 8 are potentially dangerous, as strong wind may blow them open or shut violently. Please adhere to the signs and announcements when it is not advised to go outside. While walking inside, hold on to railings but not to doors or door frames. Doors can open and close quickly in unstable conditions, and cause injury.

WATER

Filtered water is complimentary at breakfast, lunch, and dinner. Water is produced on board via a desalination plant and considered safe to drink. If you are susceptible to tummy upsets, you may prefer to purchase bottled water.

WELCOME MEETING

Shortly after embarkation, there will be a mandatory passenger safety drill and a welcome meeting to announce some practical information about the cruise, and to introduce key members of the FRAM crew and expedition team.

EXCURSIONS INCLUDED AND OPTIONAL *** BOOK BY 31ST JANUARY PLEASE!

Hurtigruten's MS FRAM is a favourite amongst Furlongs clients. Her crew and staff are happy and helpful, and the ship expedition teams over the years have added considerably to the enjoyment of our voyages. On the April voyage from New York, we are scheduled to visit some wonderful coastal destinations and, naturally, Hurtigruten have a selection of optional excursions to tempt you! As usual, these excursions are not inexpensive, however, some are probably "must-do" experiences. However, we don't suggest you book an activity at every port. Factor in some free time, and stroll around at a slower pace occasionally! Richard and Dawn have also included some excursions and activities in your holiday package. In addition, we now have a couple of new "Furlongs only" optional trips, a city tour in Boston and an excursion visiting Acadia National Park – both of which are "must see" destinations in our opinion. Similar excursions are being offered by Hurtigruten, but we've added our own trips to offer you better value for money. Our extra trips are, however, dependent on reaching minimum numbers, so we'd really appreciate your bookings as soon as possible. If we don't achieve the numbers, we can revert to the Hurtigruten trips, albeit at higher prices. Please review the following details and confirm your bookings ASAP. We kindly ask you to confirm every excursion you wish to join, including those included and operated by Furlongs Travel. NB: Tours on the same date are mutually exclusive, due to timings, except for the kayaking and trolley ride in Boston on 17th April, which can be combined. Hurtigruten are advertising the Sunrise Cadillac Mountain trip as returning for breakfast, but not combinable with their Mount Desert or Acadia National Park trips. We are planning to schedule our private "Furlongs" Acadia National Park tour to depart after breakfast, to enable you to join both the sunrise trip and visit the national park if you wish.

13 APR - NEW YORK CITY TOUR *included tour, arranged by Furlongs Travel*

A half-day New York city tour, part coach and part walking, accompanied by a local tourist guide. This excursion is included in your holiday arrangements, there is no extra cost.

14 APR - NEW YORK MANHATTAN WALK *included activity, arranged by Furlongs Travel*

Join Richard and Dawn on a Saturday morning stroll to work off your breakfast. No charge!

16 APR - NEWPORT CLIFF WALK *included excursion, arranged by Furlongs Travel*

The Cliff Walk along the eastern shore of Newport, Rhode Island, combines the natural beauty of the Newport shoreline with the architectural history of Newport's famous mansions. The trail runs 3.5 miles, parts of which are over the natural and rugged New England rocky shoreline. We will confine our activity to a section of the trail that offers easy walking conditions, but this walk is, perhaps, best for those fit and healthy! Allow 4 hours including short transfers between the quayside and the cliff trail. This is an included activity, so no charge. As an alternative, you may wish to consider a less energetic Newport Harbour Walk ...

16 APR - NEWPORT HARBOUR WALK *self-guided with map*

Devised by the Newport Friends of the Waterfront, the Harbour Walk links points of interest, including King Park, the wharf buildings along Lower Thames Street and America's Cup Avenue, Goat Island to the Pell Bridge, and points north. The route is signed, and we'll provide maps. You can do as much or as little as you wish, in your own time. No charge!

17 APR - BOSTON CITY TOUR *new optional excursion, arranged by Furlongs Travel*

This fully-narrated 4-hour coach based tour will take us past the most interesting places in Boston including the Paul Revere House, the USS Constitution, the Bunker Hill Battle Monument, Copley Square and Fenway Park. Along the way you'll see the historic homes and churches of the Back Bay and the South End, Boston's Chinatown, Theatre District and Beacon Hill, and you'll hear the stories behind the Boston Massacre and the Boston Tea Party. Time permitting, we may include a stop at Quincy Market, or the "Cheers" bar, or check out a coffee shop or bakery in the North End. We'll return to MS FRAM around lunchtime. Alternatively, you can stay downtown and take the easy-to-use Rapid Bus Transit Service back to the cruise port (bus ticket at your own cost, payable locally and less than \$5). The Furlongs Boston City Tour costs just £49 per person.

17 APR - BOSTON CAMBRIDGE TOUR *optional excursion offered by Hurtigruten*

Enjoy a guided drive from the port to Cambridge, the city situated north of Boston on the banks of the Charles River. Cambridge is home to renowned universities Harvard and M.I.T., plus numerous cultural and historical landmarks. Tour duration is approximately 3h 30m including a 1h guided walking tour of Cambridge. Afterwards you drive back to the port, passing some highlights of Boston. Cost £103 per person.

17 APR - BOSTON OLD TOWN TROLLEY RIDE *optional excursion offered by Hurtigruten*

Relive colonial Boston's bustling seaport era on a narrated Old Town Trolley Tour. Amongst the historic sites you'll see are Beacon Hill, Fenway Park, Cambridge, Old North Church, the Public Garden and the Cheers Bar. Looking across the harbour at Charlestown you'll see the beautiful Bunker Hill Monument and possibly spot the celebrated warship, USS Constitution, known as "Old Ironsides". The tour ends at Quincy Market/Faneuil Hall and/or returns to the ship. 1h 45m duration. £41 per person. NB: The trolley buses you travel in are modern!

17 APR - BOSTON SKYLINE VIEW KAYAKING *optional excursion offered by Hurtigruten*

The kayak tour starts with a drive from the port to Cambridge, which is situated north of Boston on the banks of the Charles River. Guides provide a quick introduction to kayak handling, paddle strokes and launching, before you begin a relaxing cruise along the Cambridge shoreline and enjoy the view of Boston's skyline. Along the way you'll hear colourful stories about Boston and Cambridge with their rich colonial history. After concluding the kayak tour, you return to the ship. Approximately 3h 45m duration including 1h 30m guided kayak paddle tour. Not suitable if you have limited mobility or fitness. £134 per person.

18 APR - CAMDEN HILL STATE RECREATIONAL PARK *optional excursion offered by Hurtigruten*

Enjoy a scenic ride from Rockland to picturesque Camden, a quintessential New England town, and a visit into Camden Hills State Park. Once in the park, you have free time to explore. The signature location is the scenic vista from Mount Battie with sweeping views of Camden, Penobscot Bay and the surrounding islands below. Mount Megunticook, the highest in the Camden Hills, is a moderate climb by foot trail. Other hiking opportunities abound in the park and are well mapped. Duration: 5h. Involves physical activity on uneven surface and/or steep terrain. Not suitable if you have limited mobility or fitness. £72 per person.

18 APR - VISIT CAMDEN *optional excursion offered by Hurtigruten*

Enjoy a scenic ride from Rockland to picturesque Camden, the "Jewel of the Maine coast". Located in mid-coast Maine, Camden is a haven for ocean lovers, shoppers and outdoor adventurers. Downtown Camden is a delight of upscale boutiques, antique shops, general stores, seafood eateries and cafes, and there is a charming Public Library on the waterfront surrounded by a lovely park for picnicking. You have time to explore the town on your own before boarding a century old schooner for a two-hour cruise along the coast. After the boat trip we are transferred back to MS Fram. Duration: 4h 30m. Moderate physical activity on relatively level surfaces and gentle terrain. Includes round-trip transportation, two-hour cruise aboard a schooner, and some free time in Camden. £113 per person.

18 APR - ROCKLAND TOWN WALK *optional but included, arranged by Furlongs Travel*

Rockland, Knox County, is home to the Maine Lobster Festival, a celebration held annually in honour of the town's primary export! In the first week of August, thousands of people come from all over the world to participate in this five-day event. Rockland also is home to the Farnsworth Art Museum, a world-famous art gallery containing paintings by Andrew Wyeth and other well-known New England artists. Rockland's main street features numerous small shops and businesses including coffee shops, book stores and galleries. Join Richard and Dawn for a stroll around town. No charge for the walk, but it sounds as though the Farnsworth Art Museum is well worth a visit, and the entry fee is currently \$15 for adults and \$13 for seniors.

19 APR - MAINES LAKES CANOE TRIP *optional excursion offered by Hurtigruten*

The tour starts with a scenic drive from the quayside at Bucksport to the Maines Lakes. On arrival, there's some brief instruction, before you start a 2-hour paddle tour, which includes a campfire lunch. Keep an eye out for wildlife on route! Duration: 5h, including 2h canoe trip. Not suitable if you have limited mobility or fitness. £154 per person.

20 APR - SUNRISE TRIP TO CADILLAC MOUNTAIN *optional excursion offered by Hurtigruten*

The tour starts with a pre-dawn drive from Bar Harbor to the top of 1,530 ft./470m tall Cadillac Mountain. Overlooking the Gulf of Maine, Frenchman Bay and Bar Harbor, this is the highest point along North America's eastern seaboard. We arrive when it is still dark and watch the daylight slowly appear, illuminating the water and clouds, before the sun finally rises above the horizon. As the day warms and the sky fills with light we return to the ship for breakfast. Duration: 2h 30m. Dress warmly. You are recommended to bring a blanket! Optional walking, trails of different length. £56 per person.

20 APR - DISCOVER MOUNT DESERT BY LAND AND SEA *optional excursion offered by Hurtigruten*

Starting from Bar Harbor, experience Mount Desert Island the authentic Maine way! Escape the crowds on a guided tour around the island on a 12-metre lobster boat. Sample local seasonal seafood at a lobster pond and watch Maine lobsterman go about the business of delivering and serving this famous native delicacy. Total duration 4-hours, including bus tour and a 2-hour boat ride aboard the lobster boat. £123 per person.

20 APR - ACADIA NATIONAL PARK TOUR NO 1 *optional excursion offered by Hurtigruten*

Embark on the journey of a lifetime through spectacularly beautiful Acadia National Park. We travel along 43 km long Park Loop Road — one of the world's most picturesque byways with views of breathtaking landscapes. A friendly local and informative guide points out notable landmarks, including dazzling Frenchman's Bay, historic carriage stables, dense coastal woods, charming seaside inns and towering Kebo Mountain. There are several photo stops along the way to capture crashing waves at Thunder Hole, the shell-riddled shoreline of Sand Beach, glimmering Jordan Pond, and the sheer rock face of Otter Cliff headland. Duration: 2h. Involves little physical activity, most of the tour is operated by vehicle. £72 per person.

20 APR - ACADIA NATIONAL PARK TOUR NO 2 *optional excursion offered by Furlongs Travel*

Pretty much a copy of Hurtigruten's tour, but taken at a slightly more leisurely pace! The trip will therefore be longer, probably 3 hours, but the cost is less, at just £49 per person. The price includes the Acadia National Park entry fees.

22 APR - HALIFAX HISTORIC PROPERTIES WALK *included activity, arranged by Furlongs Travel*

The Historic Properties are warehouses on the Halifax Waterfront Boardwalk that began to be constructed by privateers, smugglers and shippers, whose vessels defied Napoleon's blockade to bring American supplies to the British commander Duke of Wellington during the Napoleonic Wars. Many of the buildings are now restored, and have been converted into restaurants, pubs and speciality shops. The area makes for a pleasant walk along the waterfront. This is an optional but included activity, and there is no charge. The timing and duration of the walk will be subject to the ship's arrival time in Halifax, our disembarkation arrangements, and our onward journey to Halifax Airport for our flight home. We'll update you once we're on the ship, but sign up in the meantime if you're interested.

PERSONAL INFORMATION FORM – 2 PAGES

NEW YORK, NEW ENGLAND & NOVA SCOTIA 2018

If you already have an ESTA (travel authorisation) valid for entry to the USA, please tell us, and complete this form **excluding** the questions or sections marked with an asterisk. CURRENCY ORDER FORM

NEW YORK, NEW ENGLAND & NOVA SCOTIA 2018

If you wish to order any US dollar currency please complete and return this form by 16th March 2018 to Furlongs Travel, Newhouse Farm, Tidebrook, East Sussex, TN5 6PA. Alternatively, scan and email to info@furlongs.co.uk by the same deadline or, easier still, submit your request via our online form at <https://furlongs.co.uk/pay>. If using the online form, add a note to confirm your payment is a currency order for the April 2018 holiday. If you need any help with this form, please call us on 01892 785785.

Our currency service operates as follows ...

- Decide the UK £ amount of US DOLLAR cash you require. Fill in your **debit card** details below.
- Ensure your order arrives at Furlongs by Friday 16th March 2018 at the latest.
- Your currency will be purchased on Monday 19th March 2018 at the rate achieved on that date.
- Your cash currency will be handed to you on the first day of your holiday.

EXCURSION BOOKING FORM

NEW YORK, NEW ENGLAND & NOVA SCOTIA 2018

Please read the excursion descriptions in the holiday advance information and, if you wish to book places, let us know by telephone or by completing this form and returning by post or as a scanned page by email to info@furlongs.co.uk. Please confirm your bookings by 31st January if possible. Although we may be able to add bookings after this date (or even once we're on the tour), each excursion has limited availability, so it is better to book early to avoid disappointment. To help us plan our private "Furlongs Travel" tours, it will be useful if you indicate how many places you require, even though these excursions and activities are included and free of charge. NB: Due to timings, tours on the same date are mutually exclusive, with the exception of the kayaking and trolley ride in Boston on 17th April, which can be combined. Hurtigruten are advertising the Sunrise Cadillac Mountain trip as returning for breakfast, but not combinable with the Mount Desert or Acadia National Park trips. We are planning to schedule our private "Furlongs" Acadia National Park tour to depart after breakfast, to enable you to join both the sunrise trip and visit the national park if you wish. If you need any help choosing excursions, please call us on 01892 785785.

		How many places?	Cost per person £	Total £
